

NOTICE OF INTENT TO ISSUE AN
AIR POLLUTION CONTROL
SYNTHETIC MINOR PERMIT TO OPERATE

Take notice that the North Dakota Department of Health (NDDoH) proposes to issue Air Pollution Control Permits to Operate to Central Specialties, Inc for operation of the three hot-mix asphalt facilities in accordance with the ND Air Pollution Control Rules. The portable facilities will be located at various locations throughout the state to produce asphalt for road construction projects. The Central Specialties, Inc. mailing address is 6325 County Road 87 SW, Alexandria, MN 56308. The proposed permit changes will increase the hot-mix asphalt facilities' maximum permitted asphalt production from 500,000 tons/yr to 650,000 tons/yr.

A thirty-day public comment period for the draft permits will begin August 22, 2015 and end September 21, 2015. Direct comments in writing to the NDDoH, Division of Air Quality, 918 E Divide Avenue, Bismarck, ND 58501-1947. Comments must be received by the end of the public comment period to be considered in the final permits determination. A public hearing regarding issuance of the permits will be held if a significant degree of public interest exists as determined by the NDDoH. Requests for a public hearing must be received in writing by the NDDoH before the end of the public comment period.

The notice, draft permits and application are available for review at the NDDoH Division of Air Quality address and on the Division of Air Quality website at <http://www.ndhealth.gov/AQ/PublicCom.aspx>. A copy of these documents may be obtained by writing to the Division of Air Quality or contacting Matt Bingert at (701)328-5188 or emailing mblingert@nd.gov.

Dated this 21st day of August 2015.

Terry L. O'Clair, P.E.
Director
Division of Air Quality
